STUDENT SPOTLIGHT

Spotlighting the Students of First Baptist Church of Albertville, Alabama

This month we turn our attention to Miss Ava Teague, eldest daughter of Zach & Haley Teague, for our latest Student Spotlight. Ava is a brand new member of First Baptist Student Ministry and is currently a 7th grader at Albertville Middle School. She has one younger sister, Alana. Miss Teague is on the 7th Grade Basketball Team at Albertville Middle and is also involved in the Aggie Leadership Academy at AMS. She loves middle school and says her favorite subject is Science and currently her favorite teacher is Mrs. Elkins.

Outside of school, her hobbies include riding her golf cart, playing basketball, jumping on her trampoline, and baking. Actually, for almost two years now she has created her own little side business of baking and selling cupcakes called "Cupcakes By Ava". Yummy!

When it comes to her favorite things; Ava says her favorite food is Hawaiian Pizza (pineapple and ham pizza), her favorite movie or TV show is Supergirl on Netflix, and her favorite vacation was when her family went to the beach in Gulf Shores last Spring Break. As for her involvement at FBC, her favorite time was this past summer with our Kids Ministry when they went to Shooco Spring for camp, and her favorite part about now being involved in our Student Ministry is the tons of "cool stuff' she gets to participate in.

Miss Teague became a Christian last summer at a local friend's Vacation Bible School and was then baptized at our church just a few months back! One of our favorite aspects of her involvement with FBSM is how she asked her parents to change her gymnastics practice schedule this year so she could be more involved on Wednesday nights as she continues to grow in her faith. We are so proud of this young lady's commitment to Christ.

Lastly, she says her favorite Bible verse is John 3:16 and a bit of advice she would offer to her fellow students would be to "Make attending church a priority because a lot of things may be going on but God needs to be first!" Thanks for making us one of your priorities, Ava! We're proud to call her one of our own!

JUST FOR OUR FBSM Parents:

Have you ever considered the power of music? It is powerful enough in our minds as adults, but what about how impactful it is in the impressionable minds and hearts of our teenagers? It can bring us joy, it can give us courage, it can dig out deep memories from our past, and it can stick with us for a long time. Music is a powerful tool! But, I have been really challenged lately about what kind of tool it is being used as in the lives of our students.

This past month (September 24th) several students joined us for the **Finding Favour Concert** at Solitude Baptist. What a fun night and what uplifting music! This is the kind of stuff that God can use. Unfortunately, it seems that there are many other options out there of music and lyrics that the Enemy is using. And, this style of music seems preferred among this generation. Pray for a change and challenge your kiddos to really consider the things they are putting in their ears and their hearts.

Praying for you & your students to LISTEN UP, ***Justin***
